Review Team

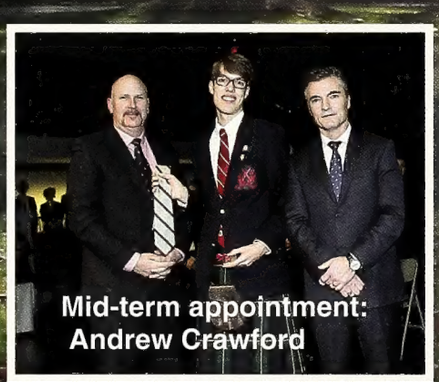

Building a yearbook is a long arduous process. The students involved with the process have a varying degrees of talent and commitment. Chasing team IDs and speeches is a never ending challenge. In the end, much of what you see has been created by just a few students and myself. I would like to thank these lads for their help: Tyler Thomas, Mac Houghton, Mihai Cicureanu, Dylan Cowell, Matthew Medhurst, Charlie Elliot, Nikita Reshetnikov, Alan Dinitrev, and Mikel Devlin.

Finally, a large shout out to Paul Mosey, our school photographer. The quality of the book is only as good as the quality of the images inside it, and his are outstanding. SK

There may be a sense that my remarks should take on a tone of disappointment or failure. I can appreciate why, we did not win a championship this season. That much is obvious. We did not play our best when it mattered most. But simply put, there is no way my words will reflect any sense of disappointment with anybody affiliated with our football program. I could not be more proud of the men on our coaching staff. Coaches Shrimpton, Carroll, Foote, LaForge, Brennagh, and Mazurek serve as tremendous mentors and role models to our players. Their passion and knowledge of the game, dedication to the football program, and genuine love and care for our players is nothing short of remarkable. I am truly blessed to coach alongside men I consider to be amongst my closest friends. It makes the journey of the season each year even that much more special.

To our players, I challenged you on the first day of training camp to "commit to greatness." I told you that success should not be seen as a goal, but rather viewed as a byproduct of your hard work. Your daily commitment to preparation on the practice field and in film study and meetings was exceptional. The pride with which you wore our colors and represented St. Andrew's was second-to-none. This season we earned dominant victories over nationally ranked opponents St Joan of Arc (Barrie) and Huron Heights, both of whom went undefeated for the remainder of their seasons and won their respective conferences. We also earned tremendous victories over our long-time rivals UCC, SMC, and TCS. I can't explain why we played below our potential and ability in our playoff game against UCC. Nobody wants to turn the ball over 4 times, or drop passes, or miss blocks or tackles. Some days you simply "don't have it." But anybody who seeks to define our football program based on one poor performance, clearly cannot see the big picture. Frustrating individual losses are a difficult part of football, where every playoff matchup is one game, winner-take-all. As we often say in football, "on any given day..." Such is life in football. Our players this year did nothing less than exemplify the very best attributes of St. Andrew's football on a daily basis, and for that I am immensely proud of them. Words cannot express my level of gratitude and appreciation to all of our graduating players. Thank you for all that you have given us. I can also guarantee that every returning player and coach in our program will once again commit all we have emotionally and physically in the pursuit of greatness next fall. LG

The U16 football team had a lot of positives going for it as we entered this season. We had many returning players, our quarterback could throw darts. We also had a lot of unknowns on the team.

Our first game, as usual, was against a tough UCC team on Homecoming. Why we never get to play an easier team at our homecoming, I have never been able to figure out. It's either UCC or St. Mike's. While we lost that close one we went on the offensive in our next two games against St. Mikes. We managed to make it through those two games with few injuries… and points. But then we followed those up with 3 straight wins. For two years in a row, we finished unbeaten in the second half of our season. Many in our football program know that this was my last year coaching football for various reasons. But it is also a good time for me to walk away and allow a young enthusiastic voice coach our boys. But I wanted all the players I've coached know that I enjoyed every minute I was on the field with them. I need to thank all the people I've coached with: Mr. MacPherson, Mr. Stewart, Mr. Fraser-Shoemaker, Mr. Butcher, Mr. Gurr, Mr. Brennagh, Mr. Rush, Mr. Laforge but a special thank you needs to go to three people that taught me everything I know about being a coach: Mr. Prezens, Mr. Shields and Mr. Shrimpton. But I want you to know that I will be the U16 footballs biggest fan and you will remain a big part of who I am.

2015-2016

The 2015 season was a rollercoaster one! It was a… how shall I put it? – difficult? – September. We challenged two Michigan teams on our traditional pre-season trip and, after some encouraging play, we returned to Aurora ready to get down to business. However, it seems our business was in recession. We had a little trouble scoring... Before we knew it, September was over and we were still looking for our first win! On October 7th we made our way to Toronto; Crescent School to be specific. The forecast called for rain, but just before the game started the clouds parted and glorious sun rays bathed us in warmth. It was an omen. That afternoon in Toronto not only did we score, but we won. For those of you who want a count: our first win came in our 10th game of the season.

While it clearly took us a while to warm up, from that point on we only lost two more games: one being the semi-final of the National Tournament, and, after embarking on a successful run of wins to get us into the playoffs and overcoming the Orange Fanta episode, the other being the league semi-final, where soccer once again proved to be a cruel sport. We dominated proceedings against our arch-rivals in blue that day, but lady luck wasn't on our side.

We take great pride in progress and this season there was plenty of it. An intrepid group will continue to build next season, but we must do so without this year's graduating players, whom we would like to thank for their efforts. DM

JV Soccer

In soccer terms, when a team loses or gives up a goal, whether because of the good play of the opposition or the ineptitude of the team itself, it is often declared 'Unlucky'. It seems to be a way of not laying blame.

That being said, the truth of the matter was that this year's JV squad was simply 'Unlucky'. It was a great group of young men, who were a pleasure to be around, and who worked hard at practice and in games.

Our record this year simply did not reflect the quality and the character of this squad, and the coaches want to thank the players for their commitment to the team, especially the Grade 12s.

The team, although mainly comprised of knuckleheaded hockey players, was actually pretty good. Derek Ma was an outstanding keeper. Rob Krueger plays some kind of really good outside soccer – TFC or something like that.

There was Gosse, Macker, Newhook, and McHenry. And Pennino did his best impression of Italian national team defender Georgio Chielini – and head coach Antonio Conte, at the same time. For our guys moving into their senior years next year and hoping to play for Mr. Manning and Mr. Day, that will have to change.

We wish them all well. We also have a core group of Grade Nines we look forward to working with next year to improve our standing.

The measure of success this year for the U16B Soccer team was certainly not the number of goals scored or the number of games won. If that was the case, we would have failed dismally. However, the U16B soccer season was far from a failure.

The early-bird tournament held at Lakefield College School went fairly well and gave us hope for a good start to the season. However, these hopes were dashed fairly quickly as the season began. Our early matches were challenging from a physical and mental standpoint. I remember one of our players being shocked that the opponent actually yanked on his jersey. Our team quickly learned that playing in the upper school level was considerably more aggressive and that we had some serious work to do on our personal soccer skills if we were to be competitive in any way. Our team gave their best in every practice and never gave in during some very exhausting league games. They carried themselves with true Andrean spirit.

The stats for our team may paint a poor picture. We didn't win any league games…in fact, we didn't score any goals either. However, if there was a prize for the Most Improved Team in the Jr Boys D2 league we would have been the clear winners. The stats for our team that I will always remember are this; Goals against in our first two league games… Fourteen. Goals Against in our last two league games…One. For me, that shows that our lads worked their tails off to develop their soccer skills, their personal fitness and most importantly to build a cohesive soccer team.

Coach Totera and I had a great time working with our D2 lads and we wish all our team members the best for a strong soccer career ahead.

Seriously, though, our U14A soccer season was no joke. After playing each of 4 other teams in our league once, we were dead last with a grand total of one point from a tie. All of our games were close, however, except in our first match blowout suffered at the hands of UCC. But thanks to a lot of hard work, learning how to be most effective at playing our positions, how to successfully move the ball downfield, how to shut down opposition attacks before they turn lethal, and, finally, how to shoot the ball on net without aiming directly at the goalie, we were able to completely turn our challenging first half into a triumphant second. We beat every other team, save for a tie against St. Mike's, including holding the honour of being the only team to beat 1st place UCC in league play, achieving this in our final league game, dominating them 4 to 1 – a remarkable turn-around.

Entering the playoffs seeded 3rd, we travelled to 2nd place Crescent, where – despite an early 2 – 1 lead, we ended our season, conceding 3 – 2 on a horrifically cold, rain-soaked, afternoon. Even though we didn't win the cup, we were very proud to have transformed ourselves in just 7 weeks into a truly strong, highly competitive team. No doubt, if we'd worked together for just a few more, we might well have won it all.

Coach Richardson and myself would like to thank the boys for all the fun, effort, and loyal belief they invested in our program this season. We all learned a great deal about what resilience feels like and what great results can be achieved through hard work and dedication.

Congratulations, Gentlemen, on a terrific season!

U14B Soccer

The U14B soccer team had a solid season, with many home games and close matches. Although we had a slow start, the Saints gained momentum and steadily improved game to game. Our last and most memorable match was at TCS, where the U14B Saints made an impressive comeback from a 5-nothing deficit. The boys finished off their season with a gritty performance and a well-earned tie against the Bears.

Many unforgettable moments were shared among the boys at practice and on the playing field – and the coaches are proud of the progress made this season and the sportsmanship demonstrated by the players.

Early in the season, we were matched up against the four time National Championship team from UCC. Our squad played exceptional defense and although we did not come away with a win, we did score the first goal of the match and for a short period of time we were winning. Congratulations Zishan Tejpar for scoring the first goal against UCC in over three seasons.This year's MIP award goes to a player who worked hard in every practice and basically held us in most games with his quick feet and ability to defend some of the top players in the country. This year's MIP award goes to Nicholas Giorgio. This year's MVP award goes to a player who was looked upon for his leadership, his all-around skill set and passion for the game. Although, this player is a rep goalie for his outside team he was asked to play as an attacking midfield for us. As we predicted early in the season- this player lead our team in scoring and was routinely called upon to rally the boys in tough matches. This year's MVP award goes to Zishan Tejpar!

The under 12 soccer team had a fantastic season. When Mr. Clements and I looked around during our first few practices, we quickly noticed that we had a team full of energetic, talented and determined boys who just needed time to mesh... and avoid "toe punting". Throughout the season, each and every boy improved by leaps and bounds. The more we started to think the game, the better our results were. More often than not, our team came out on the winning side with stories to tell their parents. The leadership shown by our core group of players really helped the coaching staff out both in games and during practices. The sportsmanship and work ethic that they displayed throughout the year is a testament to the type of people they are: good kids who just wanted to get better. I couldn't be more proud of how this team grew as a unit and look forward to seeing what type of damage they can do on the field next year. JC

2015-2016

After our CISAA Championship match played against a star packed St. Michael's College team, Coach Cowell and I could not be more proud of a team that surprised many at this level of volleyball. Despite losing 4 strong starters from last year starting lineup, (one of whom is now playing for the University of Toronto), the boys showed up at September's camp with a promising attitude. Under the leadership of our captains Alex Carter and Dylan van Eeden, the boys delivered what they promised - a rewarding season. It wasn't an easy season though. It was a season of ups and downs. A season of challenging moments, which ultimately helped us grow as individuals and as a team. The boys wanted to prove they could compete against the best, and they did! They played against some of the best teams in the province, and perhaps in Canada, such as St. Michael's College and Agincourt HS (who respectively finished 1st and 3rd at OFSAA- AAA, and which showcased some of the best U18 Canadian players in the Province).
Our season record of 16-4-5, included one tournament championship, and a CISAA Silver medal for the 5th year in the past 7 years. The season was a remarkable one, considering the number of inexperienced players we began with. We could not ask for more. We tried though! CN

The U16 Volleyball team saw a lot of success this year. Although our season saw its end at the hands of St. Mike's in the semi-finals, the boys should all be proud of their teamwork, sportsmanship, and ability to come together as a cohesive unit. Special mention should go out to both Connor Iwai and Carson Ricca. Connor was asked to step into the setting role with no prior experience. He was extremely coachable, excelled quickly, and was the crucial but quiet heart of our team. Carson was second play for both the MIP and MVP award. He always put the team first, put his body on the line at all times to play a ball, and was an ever-present motivating factor to his teammates.

2015-2016

We had a great season with a wonderful group of players. They were a committed, enthusiastic and competitive group of boys who were a pleasure to coach. There was a tremendous amount of improvement during our season. Since many boys came with limited experience, so it was incredible to see how far they came from the first tryout. It really seemed that during our last league game that they clicked, and started to feel comfortable on the court as a unit, and have fun out there. My personal highlight of the season was listening to them practice Gangwa on the bus down to our playoff game at Crescent. The cheer was printed on cue cards made by our captains Davide and Andrew. This just showed the tremendous amount of Andrean pride and Brotherhood that already exists amongst our Middle School athletes.

After seeing the size of some of the men on our Varsity football team, it's hard to imagine that they were once middle school boys like the 28 athletes on our cross country squad. Although the majority of our boys were small, they were mighty.Mrs. D'Angelo and I had a great deal of fun working with our energetic and dedicated group. While fostering a genuine love for sport is the name of the game within the Middle School, our team worked exceptionally hard and can be very proud of their collective results. They were able to earn at least one spot on the podium in every meet we attended throughout the regular season. This didn't happen by accident. Our boys believed in the developmental program and understood that the challenging training they completed today would get them closer to where they wanted to be tomorrow. They gained speed, strength, and most importantly, endurance with each passing week. The training which seemed overwhelming in the first week of school was handled with ease 8 weeks later. The extensive focus on hill training paid dividends in the final weeks of the year and made the difference for many of our runners on the steep slopes of Centennial Park during the championship race. The highlight of our season was our remarkable team performance at the St. John's Kilmarnock race. Not only did we earn a spot on the podium in three of the four age groups in which we were competing, but Brandon Kim and Aidan Walters impressively pulled away from the field and earned the top two spots in the U-14 category.Four of our graduating boys have been running with the team for the entirety of their Middle School careers. I want to thank Jack Kempcinski, Cole Nip, Nolan Michelburger, and Aidan Walters. They have grown tremendously in their ability, but more importantly in their character. They have certainly learned the satisfaction of finding one's limits and setting new goals. They will be valuable members of the senior cross country team next year. KR

With a number of last season's players moving on to the Junior and College ranks, the torch was passed to this group to raise the bar even higher. We experienced some ups and downs early in the season, but eventually hit our stride. We were able to win the Armstrong Cup as CISAA Regular Season Champions. And then followed that with the CISAA Playoff Championship over Ridley College in two straight games. We then finished the season winning our second National Independent School Championship to finish the season on a high note.

After a scoreless 1st, they found a way to get one past John Hopkinson in the second who was brilliant from start to finish. The third period was more like the first, with SAC carrying a bit more play, with no finish.In the third, Andrew Boland went in on a partial breakaway and tied it up. Quickly after Ryan Lindsay found the back of the net to put us ahead for the first time. Kris Jansen scored 49 seconds later. Wells Karabin added the empty net to seal the 4-1 victory and the Championship. **Mr. Paul Bedard Esq.**

We have been extremely pleased with the Curling program this year. We had more students try out for the program than ever before, forcing us to limit participation to only 24 students as there was no more room on the ice during games. The novice curlers learned both the rules of the game and the required skills very quickly, and by the talk at the rink and the smiles on their faces it was obvious that the development squad were enjoying their introduction to a new sport. Many of the development squad also had the chance to gain inter-school experience by being called up for a CISAA game. MR

I hope you're all enjoying a very exciting time of year to be a basketball fan, as the NCAA men's basketball tournament known as March Madness has taken over the television for the past three weekends, treating all of us to exciting games full of buzzer beater wins and stunning upsets. For those of us participating in a March Madness pool, our brackets were busted the moment #15 seed Eastern Tennessee beat #2 seed Michigan State in the first round, or #10 seed Syracuse made it all the way through to this weekend's Final Four, the national semi-final featuring North Carolina, Syracuse, Villanova, and Oklahoma. But that's what makes the tournament so exciting to watch – in any given game, anything can happen and any team can win.

For this year's First Basketball team, sometimes they got to play the role of a top seed in a local tournament, and other times they got to play the role of a Cinderella team hoping to spoil the day for a heavy favourite. The team embraced these challenges and opportunities, and should be very proud of their efforts. They quickly learned that to have success they had to learn to play hard, smart, and together during every single possession.

There were many highlights to the season, including a CAIS Division II Championship, SAC Invitational Championship, and Woodbridge College Invitational bronze medal. Off the court, the team had a blast throughout the season, whether it be braving the cold in Winnipeg and participating in an Escape Room challenge, or enjoying the hospitality of Brandon Haryott's family at their home between tournament games.

This year's team graduates a large core of players that have made significant contributions to the SAC Basketball Program. I would like to extend a huge thank you and congratulations to graduating seniors Brandon Haryott, Jonathan Filipopoulos, Sulaiman Mahmood, David Gorodetsky, James Michaelis, and Josh Carter for their play this season. ***-SL***

Overall record 21-5

Courtenay -- Many of you followed the success of the U16 Basketball team through the write-ups on the News conference, and therefore know that we had a very successful season culminating in a huge upset win over St. Mike's in the Championship game on their court … 55-44. That single game however was the culmination of something that did not occur on one single day, at one single moment in time, but was a process that a group of twelve young men undertook starting in November. That project we will call "The Team Project". Coach Holmes and I are firm believers that only through maximizing the power of all members of a team, and all of the skills of these members, can one win a Championship. In this era of the glory of individual accomplishment, sometimes the concept of the whole being greater than the sum of its parts get lost.

Little things like getting to practice on time, building up your teammates rather than tearing them down, understanding your role on the floor is to contribute to the team's success, not your own. These were hard lessons in the first few months.

What we told the boys in November is that if they committed themselves to each other, and if they committed themselves to winning as a team, they had a chance to win a Championship. Too often however ego gets in the way. We are however happy to say that this group of twelve young men committed themselves to each other, and to playing the game the right way. Thankfully on two glorious days in early March they were rewarded for this commitment with near perfect expressions of team basketball in beating both Crescent in the semi-final, and dominating St. Mike's in the finals to win a CISAA Championship.

With the graduation of nine seniors and our top offensive player last year, the 2016 JV Saints faced a daunting task of competing in a league overshadowed by more experienced varsity teams. Young, athletic, and big (with an offensive line that dominated the run game), the boys in Red and White quickly established themselves by winning their first two league games. The team, however, endured three consecutive losses when one of our captains and starting center, Andrew Biddell, suffered a season ending injury with a broken ankle. Determined to make the playoffs, your Saints won huge victories against Country Day and Lakefield College to finish in second place in the Western division. With a redemptive victory against De La Salle in the quarterfinals, we secured a berth in the CISAA Tier 2 Final Four. Although our championship dreams fell short, we achieved a 3rd place finish for the third consecutive year.

I am incredibly proud of the tenacity and determination of these young men this season. With 10 returning veterans, we are well-positioned to make it to that elusive championship game next year. MC

Regardless of our overall record, the U14 basketball team had a successful year. Measured less by our wins and losses and more by how much we improved throughout the season, the boys turned themselves into a team that was competitive against any opponent. This wasn't always the case. Our first game against Hillfield was an indication that we had some serious work to do. Turnovers, air balls, missed defensive assignments, and a complete lack of an offensive system led to a fairly quiet bus ride home. The boys took their first few losses in stride though, and they committed themselves to learning how to play as a unit. The more time we spent running drills and getting used to organized games, the better our results were. Slowly, but surely, our point differential narrowed and our bus rides became noisier. It was clear to see that we were starting to have fun. With Bryce, Owen and Chris handling the ball and Jack and William manning the post, we battled hard during every game. Unfortunately, our improvements did not result in any victories.

This year's U13 Basketball team was a pleasure to coach. Although we were in tough in a division having 3 of the 4 teams finish in the top 4 at nationals we knew our league games would be a tough battle. However, the boys consistently worked hard to improve their individual skills and maintain a positive outlook. Throughout the season we had our fair share of ups and downs; however, some of our highlights include: 3 – 3 pointers in the final few minutes against the power house team from UCC- unfortunately in our league 3 pointers don't count! Our 3 wins in one day at the CAIS national tournament – allowing us a chance to win the consolation title. Unfortunately, the basketball gods were not on our side and we lost the consolation title by a mere 2 points. And to top of the season a trip to MacDonald's after our final away game- always a great experience with grade 7 boys. To say that we had a funny bunch would be an understatement. No story highlights this better than the start of the "first" practice. Having no prior meetings with any of these boys before the season, I showed up at the first practice eager to get to know them. The first boy I met was Hieu Ta. He introduced himself to me as the boy who "sang that solo at Carol Service", to which I responded "so what, do you think your better to than me" too which he responded "Yes" and then walked away. Although, we as coaches always put sportsmanship above all else, I did enjoy the odd piece of showmanship from some of our players. This was never more apparent than when our MVP, hit a fade away corner 3 at the end of the 1st half in the Consolation Finals and responded with his patented gun wheedling/holstering celebration. The entire group of boys were fun to coach and we look forward to watching these guys develop over the next few years. MD,JF

Before tryouts even started, I had a real sense of security knowing that I would have at least two very strong players on the team. Kyle Murphy and Kade Hennessy played for me last year as grade 5's, and even then they were both excellent ball handlers, so they were slated to be point guards. Then during the tryouts, a third player quickly demonstrated that he also had the athletic ability and confidence to bring up the ball and initiate plays for us. Ronan Woodroffe, who was already known to be a great soccer player, seemed to have the potential to become a great basketball player as well. Having three capable point guards available made it an easy decision to keep a large roster of three full lines. We started our season with a fairly easy win against an inexperienced team from Villanova. So after the celebrating and dabbing was over I had to try to prepare the boys for the fact that there would be tougher games ahead. And sure enough, there were. We did suffer a number of defeats at the hands of more experienced and much taller teams, but along the way we managed to secure three more wins against Pickering College, TCS, and Crescent. Despite the fact that we were not destined to win a championship this year, the boys had a great season. They developed nicely, worked well as a team, and had fun, especially at the two tournaments that we played in. In addition to our three point guards, Kyle, Kade, and Ronin, I also need to thank our shooting guards, Bob, Bruce, and Jonathan, for their precise inbounding, our small forwards Joe, Ethan, and Ryan for working hard to help us beat the press, our power forwards Jason, Beckett, and Adam and our big men Udara, Vito, and Max for creating space under the basket and crashing the boards.

I have been coaching squash for 11 years now and must say that this is the most improved team I have seen during that time. After losing at least one match to almost every team in the league and never beating the top two teams in the regular season, our guys came close to an upset in the final tournament.

This is also one of the most fun teams I have ever coached. Guys were constantly joking, teasing and chasing each other around. Lots of energy, lots of athleticism, and a care free attitude.

I am proud of this group for honouring the game, taking it more seriously, and lightening up on themselves for losing and teaching me to enjoy a fun group of young talented players.

Injured or not, the finals go on so our top 7 got ready to play. Our first round of matches against Ridley were a bit of a doozey. Now, I'm told that in Mexico, young men try their best to be gentlemen-like. But I had to have a few words with Antonio when he almost gave his game away because he was playing a girl.

We kept to our strategy of securing the depth of our team and Ben Mai, Ryan, and Antonio delivered on this with their perfect sets. Warren won back the rest of his games that day with his glasses taped together. Darren also cleaned up in his box. Allowing for the edge to be taken off of Jack and Felipe. And Spence who encouraged the team all day.

For an individual sport, the boys did extremely well in supporting each other at the CISAA finals and coming out with the gold. Congratulations!

This year's fencing team had 20 students on the team with half of them being rookies. The team had the honour of training on the upper deck in the ice rink and with the brisk conditions it provided added motivation to train harder. Notable performances this season came from experienced fencers: Justun Lynn, Mateo Fina, and Ricardo De Rueda.

The St Andrew's A team won a Silver at our annual Fencing Tournament. The team had 4 victories overall and 1 loss against a very hard team from Royal St George's College.

Mr. Day, and I were really excited about our prospects for this season. In all, with over 35 racers in total cross 6 representative and one developmental team, this group was certainly the deepest that we have had in many years.

Despite the poor conditions we became creative with how we prepared for our races, however, and we still were able to train each week on courses covered with either a thin layer of snow, a mixture of snow and dirt, slush, or sometimes, on sheets of ice. The patience and enthusiasm of all of the racers never wavered, though, and this training gave us a huge advantage as our practice courses often mimicked the less than ideal race conditions that we faced each Wednesday.

To say that our season was successful would be an understatement. Our Varsity Teams at both the High School and Club trained levels won the majority of their races for the year and, as such, both earned the opportunity to represent the league at OFSAA championships. In addition, our club trained, level 2 team was able to earn the CISAA championship in their division, the first for them in 7 years.

At OFSAA, both of our Varsity teams faced significant competition in both the Slalom and Giant Slalom disciplines. While our top racers were unable to match the skill of the top finishers, our depth proved to be a huge advantage and allowed us to finish second overall as a team in the province in both divisions. While we were disappointed that we were not able to win, simply finishing on the podium was a huge accomplishment considering the depth of talent of all of the other teams this year.

Our JV teams also found great success this year as they too were able to win the majority of their races. Ultimately, our JV Level 2 or Club trained athletes placed second overall as a team which is the best result that we have had on this team in a decade, and our High School trained, Level 1 athletes successful defended their CISAA Championship from last year by once again earning the overall team gold medal. Congratulations, guys.

In closing I would like to take a little time to recognize our four graduating skiers for this year. Our Captain Max von Teichman and Dias Dautov in varsity, and Nick Chow and Tiger Fu who are also graduating after 1 and 2 years respectively on the JV and developmental teams. JI

The Nordic Ski team had a great season this winter, leading the way in the CISAA Association schools and performing admirably at the OFSAA championship races. Once the snow arrived in January, we had little time to train new skiers and prepare the Junior and Senior Teams for the upcoming public and private school races. The team stayed committed to building a solid foundation and we managed to get on the snow twice a week at the Hardwood Ski Centre. By the time we got to the CISAA Championship we had raced at three open high school races and won the silver medal at the area biathlon championship. Our Senior race team reclaimed their trophy without too much difficulty, however our Junior Team had to work for their prize this year. The Lakefield and St. Andrew's Junior Boys team tied in overall points for the day; however, the tie breaker goes to the race time of the fourth skier, which put us ahead and allowed us to bring back home both the senior and junior trophies this year. It was a great season!
We had an amazing experience at the CAIS National Tournament in beautiful British Columbia then came back home to start the season 0-3 including an incredibly close loss to UCC. At the bottom of the league with two weeks to go, we climbed our way into a playoff spot by winning our final two league games with the maximum bonus points, then knocked off UCC by a single point in the semis to earn a spot in the CISAA Finals. In the finals, a brilliant break-out run from scum-half Ian Maclean was called back on a forward pass that would have otherwise put us into a 14-13 lead with 10 minutes remaining… and then who knows what would have happened.. but it was not to be as Appleby scored another for a two try win. At the end of the day we were proud to wear CISAA silver around our necks – but our returning players have a hankering for gold next season!
Go Saints! **JB**

Right from our first practice it was clear that the U16 Rugby team were going to be very competitive this year. For the first time in many years, we seemed to have a very balanced team with significant skill and athleticism in both our forwards and backs. In addition, the group was hard working and keen to implement many of our suggestions to improve.

Our first game was a true test of our mettle where we squared off against a very large team from St. Mikes. St. Mikes was surprised with our aggressive and hard-nosed play, and it was a credit to the toughness and our team to not only come out with a win, but to play such a physical style of rugby that St. Mikes left the field bruised and battered.

UCC and TCS also proved to be outmatched against the Saints, and we scored early and often to capture victories against these perennial powerhouses.

While our offensive prowess was easy to see, our Achillies Heel was clearly our defensive coverage. As such, we were quite susceptible against stretch attacks from Appleby and Crescent, and despite scoring many tries of our own, we could not keep them from scoring more.

After a narrow loss during the regular season against Crescent, we once again faced them in the semi-finals. We knew their playing style well, and we spent a significant amount of time coming up with a strategy to compete against their method of attack. On the game day, however, the Saints were not able to put the system into practice and because of this, we were unable to advance to the championship game. JI/AG

Outnumbered but never outworked. the U14 rugby team enjoyed a fairly successful season, having won three games. And while we didn't win all of our games, that's okay, because as I told the team before our first game, "a great rugby player isn't measure by how many tries they score, or how many big hits they make, they're measured by how they react when they get scored on, and how hard they can get hit, smile, pat the guy on the back, and hit him twice as hard next time" that's what makes a great rugby player, and that's what makes rugby a great sport. So.. ultimately this season was about learning and developing a passion for the game, and I think that we accomplished that, and I hope that all of you continue with your rugby career moving forward. On to the awards. Our MIP was new to the sport this year, and it's funny because they actually remind me of myself when I was a young player in that they would opt to run through an entire team rather than pass the ball. He was a devoted player, he was tough, and he was tenacious, our MIP and co-captain of the team is Richard Rong. Our MVP was one of our more experienced players, he brought a great work ethic to every practice and was a leader on and off the field. He clearly has a passion for the game and I'm sure that he will go on to be a great player in upper school. Our MVP, captain, and fellow ginger, is Dutch Smith. KF-S

This season, the U13 7s squad regained their competition status, after a year of intermural play and participated in league play against UCC, HSC and Crescent School. Our season consisted of round robin tournaments and culminated with the CISAA Championships at UCC last Saturday.

As a young, inexperienced team, the odds were certainly against us.

And while we may have only had one win this season against HSC, we witnessed significant skill development and improvement from our players as they learnt the fundamentals of rugby. SS/TP

Our season highlight was our home tournament at SAC where we played our best baseball of the season. We dominated from the opening pitch and marched to an 11-1 victory over St. Charles from Sudbury in the tournament final. In hindsight, we should have enjoyed this win more than we did. In sports we always look forwards and often, we should remember to enjoy the moment. In league play we had a great year but eventually lost to UCC in the league semi-final in spite of beating them in the regular season a week before. We were two evenly matched teams and that day simply belonged to our rivals. It seems like I've talked about a bunch of failures but our season was anything but. One day sitting on the bench with Mr. Gurr and Papalia, Mr. Gurr said to me, "you know what, last year we were ready for our seniors to move on, this year it would be great if they could stay forever." This is likely the finest tribute we could pay to our grade 12 players. **TB,LG, CP.**

As I have said in past season speeches, this was not our season to shine, if you measure the success of a team only by the number of wins. However, this was a season of many accomplishments and certainly many good times. It did not seem to matter that we did not win a game until our final one; not one player ever got discouraged or disappointed; but they sure were excited to finally win that game. The players had many theories and strategies; eat Lochlan's moms snacks during the game instead of afterwards as I suggested- this proved to work somewhat. Caden came up with a little dance routine before pitching the ball- this surprisingly also seemed to improve his pitching. Although, I believe that the final strategy of sharing our treats with the other team proved to be what ended up being what made us finally win; although the players' positive attitudes, their improved skills, and their incredible sportsmanship and support for each other were also obviously instrumental.

The MIP this year goes to a new player who decided to try out softball after a few years of playing on the tennis team. He came out to each practice and worked diligently on improving his skills, especially at bat. He progressed so much, that during our final games he was our #1 hitter on the roster. This year's MIP is Alex Jones.

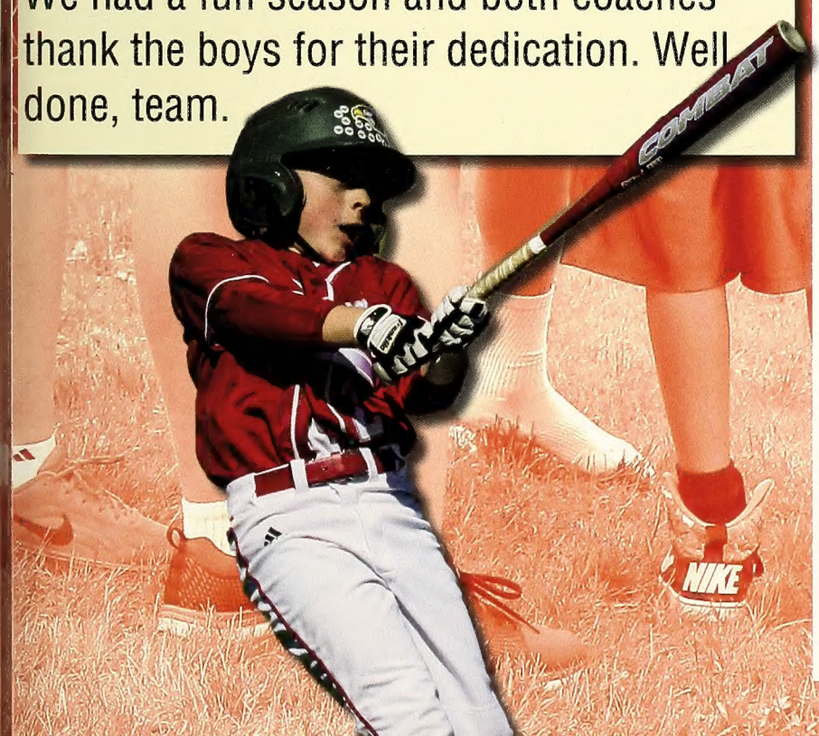

Our MVP consistently came prepared to every game and practice-ready to try his best. He, along with Bryce Neil, demonstrated superior leadership skills as our captains- leading warm-ups, taking care of the equipment, and encouraging all of the players. He caught some awesome balls in the outfield, improved his hitting, but most importantly his positive attitude and the support that he demonstrated to the rest of the players were outstanding. Congratulations, Christopher Marton.

Highlights of the 2016 track and field season

This season things began as they usually do: the coaches introduce themselves, we list the meets we will attend and then the grade 9's proceed to tell us how they won their event in elementary school. Meanwhile the returning older athletes wonder how they will manage to get their name on the track and field record board.

This season had many highlights

At the CISAA Championships many of our athletes had solid performances:

Noah Hulton won the midget high jump and is competing at OFSAA today after placing second at the metro qualifier.

Joining Noah at OFSAA were three pole vaulters: Marshall Moore, Joshua Mwinyoglee, and Callum Murphy. During CISAA pole vault, which we hosted, Marshall and Josh won, and Callum placed third, and Joseph Yazdani placed second in pole vault with a jump of 3.40. Callum also jumped more than six metres to place third long jump, and he's part of a core group of Grade 11 that we're excited return next year and make an impact.

Some of our other highlights:

Adre Simmonds came second in the junior 100m and 200m and then ran up with the senior 4 x 100m relay team, and along with Josh Carter, Jacob Edwards, and Nik Seidel, placed second.

Nik Seidel was 3rd in the high jump, Dara Goharchi won the junior long jump, Marshall Moore finished 3rd in the discus. The 4 x 400m relay team of Brendan St. Perre, Nik Seidel, Callum Murphy and Conor Woodroffe ran the fastest time the school has seen in 18 years.

In the distance events, all the runners attained season best times and this includes; Conor Woodroffe, Nick Theodore, Brendan St. Pierre, Mario Vasquez, Mario Mendoza, Eric Deiterle, and Ryan Jamieson.

The other metro qualifiers were Allan Hu, Hale Lee, Josh Mwinygloee, Callum Murphy, JP Martin, Nova Schmidt, Douglas Chen-Young, Dara Goharchi, Sam Matarazzo,

The coaches would like to thank the following graduating team member for his commitment to the program: (long pause) Josh Carter.

The 1st tennis team featured 9 returning players out of 10, including 6 graduates. During the season, we finished 3rd in the west division with a 4 and 2 record. Of the 14 schools in the league, 8 make it to the CISAA Final. In that event we finished 4th in points behind CS, UCC, and AC, but well ahead of 5th place St. Mike's and the other schools behind us. It was as good a finish as we could have hoped for.

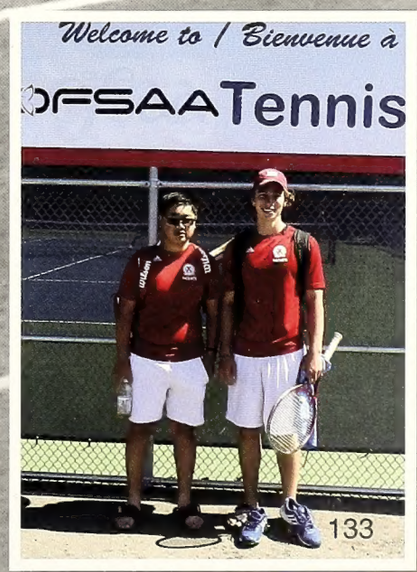

As you may have read on the News conference, four of our players qualified for OFSAA doubles. They all experienced the highs and lows so common in sport. In an individual sport, the losses are usually much more painful than the thrill of victory which is why so many more people gravitate to team sports.

Furthermore, anyone who plays competitive tennis knows that the behaviour of players can be very unflattering to the sport. Melvin, Warren, Adam, Roy, Jason and others who play at the Newmarket Tennis Club know what I am talking about. It would be the first place I would send a player for private or group lessons. The pro is exceptional, but the behaviour of players leaves a lot to be desired, something they are trying to change.

James Stevenson and Victor Li have been the face of tennis for three years. Not just at SAC, but within the CISAA. There are more talented singles players out there, but no players have been more respected by their opponents or the opposing coaches. For us, we could not be more proud that they wear our colours. They have set a standard of play and behaviour that has had a positive change on our team and the league. To the returning players, you have big shoes to fill. PB

The U16 tennis team had a successful spring term. During the regular season, we won a total of 3 meets against Ridley College, Toronto French School and Lakefield College School, compared to only one win last year.

The vast majority of our team were singles players. Practicing doubles drills and games was a lot of fun, but it also took a great deal of work for doubles play to become second nature. At the beginning of the season, players had a tough time asserting who would volley the balls that were in the middle of the court; sometimes it looked more like dodgeball than tennis! However, our serves, net play, and movement on the court significantly improved over the short season. Our doubles teams consistently carried us through regular meets and at the final CISAA tournament. MW

The U14 tennis season began in Bedard Gym at 7 in the morning running ball drills and conditioning exercises while winter decided to give us what it failed to do during term 2. This was where the team was selected and where the 10 players continued to train until mid-April. With seasoned, returning players, and a few surprise new additions, we managed to qualify for CISAA – the first time in 4 years – beating out Appleby, Ridley, and CDS. This left us competing against the toughest of teams, which we brace ourselves for every year. Given the short tennis season, when we face teams like UCC, UCC Prep, and Crescent, we simply have to do our best and treat each lost match as a learning opportunity. We ended up placing 5th at the finals – a very commendable finish which the boys should be proud of. A special thanks for Mr. Jaekel for helping me out by traveling with the team to Appleby and Ridley when I was unable to. Apparently I missed some incredible come-backs and crazy windy conditions. Next year we look forward to our new courts and being able to train side-by-side the U16 and 1st tennis teams. Competing at the CISAA was a nice way for Jack Kempzcinski to end his four-year U14 tennis career at St. Andrew's. We wish you all the best in your future, Jack. We also say goodbye to Caleb as he moves to the Upper School and to our Mexican friends as they return home – Santiago Elizondo, Diego G, and Diego J. Thanks for making this season so entertaining and light-hearted. RO

Varsity Lacrosse

In mid-May, the pursuit of the Championship began as we headed down to St. Mike's on Friday the 13th to play the Blue Gaels on their "Senior's Night". While SMC was missing 4 of their Jr. A box players that game, injuries had sidelined 4 of our own. The Saints pounced on SMC early, led 8-2 at half, and finished with a 10-7 win. The first against SMC since 2010. The boys were fired up!

On May 18th, St. Mike's arrived in Aurora with their full roster, and while the Saints were still missing 4-5 players, the boys battled to the final whistle –literally as Cam MacDonald hit the post with 1 second left in a 9-8 loss. Despite this, the Saints finished first in the league by goal differential and thereby earned a bye to the final and home field advantage.

On the day of the Championship, to add to the challenge, SMC showed up with a full and healthy roster! Our boys knew that they'd have to play their absolute best at both ends of the field and to borrow a quote from Mr. Ludwig, they'd have to play "smart, hard and together."

The Championship game was an incredible display of the passion, tenacity, and resilience of our players. Our boys went up 3-1 at the half but St. Mike's stormed back to lead 6-3 after three quarters. There was a definite deep breath or two on the sidelines prior to the start of the 4th quarter, but our leaders rallied the boys with a huge cheer of "Saints" and then took to the field to finish the job they had set out to do.

Through tireless effort and selfless play, the boys persevered and outscored the Blue Gaels 6-1 in the fourth quarter, completing a storybook comeback against a team replete with NCAA and Canadian university commits. In fact, that same defensive unit that I was unsure of early in the year, held SMC's top two players to one point each in the game. Quite an accomplishment! **Mr. Greg Reid Esq.**

The U14 lacrosse team had a rough season this year. Our team was made up of a decent offensive and defensive core that had experience outside of school and some that were brand new to the game at the beginning of the season. As our school knows when it comes to any sports game we win as a team and we lose as a team and that is exactly what our team did. We had a great time as a team when playing at home and on the road. We look forward to seeing the new faces next year and we wish the best of luck to our players that are moving on to U16 next year.

The varsity golf team had it's ups and downs throuhout a well faught season. With veterns MVS, Phil and Meddy the team was lead with great leadership and a stong knowledge of the game. The boys competed with a passion for the game fighting right through until their last putts on the 18th green. This was our first season not playing at St. Andrew's Valley and instead the team hosted their tournament at Shanty Bay in Barrie. The Varisty team finished with a respectable 5th place at the CISAA Championships. Congrats on a great season boys and hope to see all the vets next year along with some new talant. **MR**

Our Junior squad is in great shape for the years to come. Austin Brett shot the low round for the juniors, as he will look to make the move to Varsity next year. For the Jr. Boys, each member of the team improved as the year progressed, but one member really stood out. He attended all practices and worked hard to hone his game. The Jr Boys golf MIP for this year is a Gr. 8 student from Mexico, he is Pablo Mateos de Pedro. And our MVP for this year was our rock, the one person who was our low scorer every week. While the triathlon team waited for the lakes to warm and the traditional racing season to begin, our team raced a very challenging 10km obstacle course at Horseshoe Valley ski resort. They scaled up and down the mountain carrying logs and cinder blocks, climbed over walls and through tunnels, overcame water and snow obstacles, and swung from rings, ropes, and bars. It was an exceptionally difficult course and our boys were bruised and bleeding by the end, but they persevered and completed the challenge as a team. We moved through the 38 obstacles as a pack and relied upon one another to conquer the more challenging moments. I couldn't have been more proud of our boys on that day. They helped each other, but they also helped non-Andrean racers by pulling them up the crest of a hill or pushing them over elements they wouldn't have been able to ascend on their own. Two men stopped me after the race and complimented our boys for embodying what they considered to be a rare sighting: classy teenagers. Our boys demonstrated what sport is really all about and represented the Andrean community very well indeed.

Now, during your time as an Andrean, you may have heard Mr. McHenry say: "We're a great school that thinks it's good". I understand that he doesn't want our students or our faculty to become complacent, but when racing a triathlon sometimes you have to be willing to sacrifice the potential results of a "good" race in order to have a chance at a "great" race.

Our triathletes were fearless and ran the fine line between their maximum pace and completely blowing up. Because of their willingness to push themselves, we had some excellent results toward the end of our season. Michael House earned one gold and one silver medal in our most recent races, and rising star, Willem Grier, brought home a silver and a bronze medal at the same two events.

We also had some excellent individual sport accomplishments this year. James Scott and Daniel Cheung are incredibly fast on the bike. In fact, Daniel averaged 37km/hr in his last race! Felipe Martinez can run like a gazelle, and Elliott Powers and Ryan Cheung are so smooth in the water; it's a pleasure to watch.

To be excellent in all three disciplines, however, is very challenging, but one who lived up to the task was Mario Mendoza. His potential in this sport is truly amazing. Sadly, a nagging back injury held him back from performing as well as he could have this year. He will certainly be one to watch in the future.

Speaking of the future, I wish all our triathletes well in our next race this coming Sunday in Milton. I'm sure they'll be ready for the test.

I also want to thank our graduating triathletes for their time with the program and the guidance they provided to the younger athletes and those new to the sport: Ryan Cheung, Michael House, Elliott Powers, James Scott, and Nick Chow. Thanks, boys. I hope you continue to race at university and beyond. KR & CM

1st Cricket

Top Row: Warren Van Eeden, Basel Arsalan, Conor Ali, Ben Van Eeden, Graham Stanley-Paul, Tarun Sethi, Alexander Smith, Mr. David Kyle Esq.
Bottom Row: Mike Bahen, Martin Skachkov, Jacob Crocker, Sterling Cochran, Dylan Van Eeden, Brandon Gomes, Zakir Virani, Axel Ravera, Thomas Childerhose

Cricket is a complex game, where difficult-to-learn skills need to be practiced thousands of times so split-second reactions can effectively be produced instinctively. Seldom do first year players achieve statistical success. That doesn't mean they don't learn to love the game early on, finding different ways to contribute to the team's success. SAC Varsity had a wonderful pre-season and spring term of friendship, fun, skill building and competitive competition. There were no prima donnas on board who believed they were doing St. Andrew's a favour by showing up - just a solid 16 deep roster of great guys who respected the sport, each other, and the wonderful opportunity they had to learn and improve. After the lower field mice had a good meal on our bunker-kept gear, there were no complaints and very little prompting to get everybody involved carrying more than a half dozen heavy bags back and forth to Rogers Hall daily. With so many beginners, it was a real challenge for players to enter games against opposing teams with many players who'd learned their skills back in Australia, South Africa, and across the West Indies. But our guys did great. We beat a strong TCS squad by one run, and had we made a few very difficult catch opportunities, we might have beaten undefeated UCC as well. The leadership on the team was invaluable. We'll certainly miss our graduating 12s: Dylan van Eeden, Brandon Gomes, and Zakir Virani, along with future hockey superstar, Conor Ali. Co-captain Dylan shared his time with his nationally ranked rep volleyball team, but when he was able to join

us, he always gave 100%. He had the best batting average at 11 runs/out, took four wickets and made great catches when needed. Our other captain, Brandon, was looked to for much guidance by his less experienced team-mates, and was always there to offer gentle encouragement. He had the top single game total of 21 runs and was 2nd only to the great Basel Arsalan in bowling accuracy. Zakir improved tremendously, good enough that he was called on to bowl in games. Conor brought a most dedicated, positive attitude to his first year. Despite a busy winter hockey schedule, he attended preseason training and carried through into the spring with discipline and focus, achieving the best attendance record of any. The "heart and soul fanatical cricketer" award goes to grade 9s Ben vE and Mikey Bahen, both who seem to live and breathe the sport. Novice Thomas Childerhose took an immediate affinity for wicket keeping, fearlessly playing 80% of the games behind the stumps. Fellow "newb" Sterling Cochran developed so quickly, he scored the most runs (11) in our 3rd league game. Graham Stanley-Paul, when not defensive batting and improving his bowling accuracy, was our defacto manager (with his ability to set up the stumps without prompting, along with any and all equipment repair). And finally, congratulations to the young guns: Warren, Axel, Alexander, Martin, and Tarun. There is a bright cricketing future for you! I won't bore you with facts about how many championship seasons we've earned over the past 17 years. Suffice to say, there's plenty of gold hardware brought back to SAC, just not this year. One could say the good news was we tied for 2nd place, but with only 3 teams in our league, that's not a crowning achievement. The real good news is that we have a super strong core of grade 9 players moving into at least their 2nd year, ready to enjoy a week of preseason games in Barbados, and ready to take on UCC and TCS's best. The bad news involves spring season being so short and over for the year. There just aren't enough days! We'd all agree that even one day of cricket is better than none. **DK**

Comment:From the teams and councils that I have succeed on to climbing the ranks in cadets, I have accomplished, grown, and contributed to so much more than I had ever anticipated during my two, short years at SAC. This community has presented me with more opportunities to discover and develop new passions and skills than any other school could. My coaches, Mr. Kowaltschuk, Maj. McCue, and Mr. Ramon, have introduced me to Nordic skiing and triathlon, sports that will remain a valuable part of my life, forever. All of the seemingly tedious preparation we put into events, like the carol service and cadet inspection, always payed-off when we put on a power final performance. Although I often felt consumed by my commitments at SAC, my hard-work regularly received recognition and taught me a lot about myself and what it means to be a part of a community. Thank you to my teachers, coaches, and dad who have given me so much.

Comment:Just a blink of an eye, I've been at SAC for four years already. I didn't realize how amazing this place is until I started to get involved in grade 10, and, since then, I truly think this is not an ordinary place. Throughout my four years at SAC, I have never liked going to the chapel in the morning, yet I had a difficult feeling when I was sitting in there for the last grad chapel; I have never liked two hours of cadets every Thursday after school, yet I swung my arm higher parallel to the ground; I have never liked carol service practices, yet I sang louder than I ever did before. I would like to give a special thanks to all my peers, teachers, house masters, advisor, parents, anyone who has made my days at SAC to shine, anyone who has made my SAC memory unforgettable; the sun is brighter when you guys are with me.
